

Emotion into Art Sponsorship Opportunities

April 28, 2026 6:30 PM - 9:00 PM at the
Everson Museum of Art

Maureen's Hope is excited to host a fundraising event that will be both unforgettable and electrifying. Tom Varano of **Emotion into Art** will inspire and amaze the audience at the **Everson Museum**, as he combines his heartfelt storytelling with the energy of live speed painting. Tom travels the country sharing this powerful experience and we are truly thrilled to welcome him to Syracuse, NY.

This evening is dedicated to raising the vital funds necessary to provide healing therapies, art programs, and restorative retreats for families facing a pediatric cancer diagnosis or the loss of a child.

Leading up to the event, we are hosting an exclusive **Online Art Auction** featuring original works created by our "Cancer Warriors" and/or their siblings. These pieces represent the incredible resilience of the children we serve. The collection will be physically curated and displayed at the **Everson Museum** on the night of the event for a final round of bidding.

We are proud to announce our **Masterpiece Presenting Sponsor, RBC Wealth Management**, whose lead gift ensures that our mission continues to reach those in need. We invite you to join them in turning pain into hope and healing through the following sponsorship tiers in the **The Emotion into Art Collection**.

Sponsorship Tiers: All sponsors receive company logo recognition on digital banner at the Everson Museum & in event program
